

## SALES LIST

Thank you for your interest in CJ Ranch. If you are interested in purchasing an individual or item from our sales list or you need more information please don't hesitate to contact us. Evenings and weekends are the best time to call, however if nobody picks up the phone just leave a message and we will get back to you ASAP. Videos and higher quality photos are available.

## HORSES

All of our horses live outside year round — even the babies. We feel that this makes for happy healthy horses who are well adjusted to the great outdoors. Depending on the time of year and the amount of available feed, the horses can be in a two acre grassy paddock near the house or a hundred acre rocky and hilly range across the creek. All of these horses drink from streams and are used to cattle, deer and other wildlife. We feed our babies only the amount of food that they need for proper growth.

### CJ WINDFIRE

(Bask Flame x EIRON Windcharm (by Earth Windn Fire))

1997 chestnut Arabian gelding. Sweepstakes Nominated. This is a horse with a lot of heart and a wide variety of options for his future! "Hank" is a 2004 Region 6 Top Five Show Hack AAOTR 40 & Over winner and a Class A Country English Pleasure Champion. Hank loves to get up and go! A fluid mover and smooth to ride, he has a powerful ground covering canter. Hank would also be an excellent Endurance horse. He completed his first Limited Distance ride, and loved every minute of it. He has quick recovery times, has never had a soundness problem and gives you his all. Hank is wonderful on the range and has been used to move cattle (he would make a great team penning horse!). He is a natural for flying lead changes! Yes, this horse really does do all of the above -- our horses are ranch/working horses first and then they get to be something else. Work hard and play hard with this versatile Bask Flame look-alike son!

### HSA BINTU AL-BAHRI

(AM Sea Captain++ x Al-Marah Ilargo (by Al-Marah Counts Pennant))

This 1996 Al-Marah-bred chestnut mare is one of the last AM Sea Captain++ daughters. AM Sea Captain++ produced more cutting and reining athletes than any Arabian stallion today. "Bahri" is not only beautiful to look at, but she is also one of the prettiest movers out there! She has a fluid, smooth lope that you rarely see. Bahri is well built, but petite (NOT fragile). She has two and a half years reining training, and multiple Class A placings in Reining AAOTR 40 & Over and Open. She would be fun as a Class A Hunter Pleasure horse.

At the ranch Bahri is just a real nice "using" horse. She covers ground on the range, is a natural cow horse and is just plain fun to ride.

Bahri is an excellent mother and produces gorgeous athletic babies. Bahri has had two foals: CJ Snappleberry, a 2004 Half Arabian chestnut filly, and CJ The Magician, a 2006 chestnut gelding. Both are by Oakies Ginger Snap. Bahri is bred to Payback Typhoon for a May, 2009 foal. This foal should be extremely talented and beautiful.

both of Snap's parents are good ranch horses without being obnoxious. This is a nice filly!

### CJ SNAPPLEBERRY

*(Oakies Ginger Snap x HSABintu Al-Bahri (AM Sea Captain++))*

Get in on ARHA & NRHA prize money with this exceptional filly! Nicely developed 2004 chestnut Half Arabian filly. "Snap" was started under saddle 2 years ago, but Johanna didn't have time to continue with her. At that time she could be saddled tied up or loose, ridden in a halter or smooth snaffle and lunged. Snap is now having 60 days put on her (Jan/Feb, 2009). Snap is refined like her Arabian mother, but Snap's Quarter Horse sire added more substance to her. The resulting match is a stunning filly who is built to work! Snap is athletic with a nice stop and quick turn-around. She should excel as a reiner and be able to compete in Working Cow. Since she should be, too. As an added bonus she's friendly

### CJ ZEBBRA

*(Oakies Ginger Snap x Zees Pet (Zee Impressive))*

Stand out in the ring with this unusually colored 2005 Half Arabian filly! "Zebra" is definitely takes after her Quarter Horse sire in looks. She should be able to get into the ground good and get out again. This is the smartest youngster we have ever worked with! Not only should Zebra do well in the reining arena, she should also be able to compete in Working Cow. She was ridden the first time she was saddled and is having 60 days put on her (Jan/Feb. 2009).

Additionally, Zebra should make a great ranch horse. Both of Zebra's parents are excellent, reliable ranch horses. Her dam, a double Xenophonn granddaughter, is fun to ride and loves getting down and dirty with a cow! Zebra's sire breeds mares (live cover) in the morning, works cows all day and breeds again at night. He also is used to bring in calves in the middle of night in winter -- talk about a good horse!

### CJ THE MAGICIAN

*(Oakies Ginger Snap x HSABintu Al-Bahri (AM Sea Captain++))*

This is the best built youngster we've ever bred! 2006 chestnut Half Arabian gelding. Full brother to CJ Snappleberry. "Merlyn" is already taller than his older sisters. Smooth is the only way to describe how Merlyn is put together. Very well balanced -- he naturally bridles himself up and collects himself. This horse looks like an excellent Sport Horse prospect! We think Merlyn would be a fun hunter pleasure horse.

### CJ SERENA

*(Storyteller x Tanbarks Just A Fantasy (Local Hero))*

TALL 2001 chestnut Half Arabian filly. This beautiful MHR Nobility granddaughter contains some of the best known Saddlebred bloodlines in the business. "Serena" has been handled since birth and is very people oriented. She is a quick learner and has shown an aptitude for thinking through scary situations. You can pick up and work on any of her feet while she is caught or loose. She also bathes and handles fly spray just fine (you can do it while she's loose in a large open area). Despite being only greenbroke, Serena is a very nice mount -- no buck, willingness to please, a comfortable ground covering stride. She is cowy, crosses water and enjoys getting out.

## SHOW CLOTHES

We are cleaning out our closets! All clothes are well cared for and stored out of light in a smoke-free home. Most are in excellent to like-new condition. While it's hard to get the photos to show accurate color, we have done our best. We used the following guidelines for measurements: *shoulder* - point of shoulder to point of shoulder; *sleeve* - point of shoulder seam to cuff; *back* - center top to bottom of coat. If in doubt of sizing, please measure the individual this is for using our measuring guidelines – sizes often vary and this is the only way to ensure that an item should fit. Please contact us if you have any questions or wish to view larger or other photos.
